## 1. Executive Summary

This month report depicts the District level Project launching ceremonies in projected districts of Umer Kot & Khairpur with the support of Government of Sindh and Local three pillars: political, administrative and social pillars collaboratively the support of PMU-GoS UCBPRP and other stakeholders.

**Social Mobilization:** The basic pillar of development and foundation of eradication rural poverty among marginalized rural women who are lacking the basic human necessities due to system and customs. So, this involves managing surveyed rural communities into organizations of the poor at the community level on Parra, village and union council level. In order to accomplish this, SRSO conducted “Poverty Score Card” exercise in projected union councils in 6 districts to help identify the poor and the poorest. Fostering the women into CO/VO has been at peak in the six districts areas and the rural women of these areas have shown their keen interest to uplift their living standard by formation of community/Village organization, Selection of honest and dedicated community institution leaders, conducting monthly meeting, doing exercise of saving and operate their organization for development of human and society to alienate the poverty at household level by generating new sources of income at HHs level therefore all women are familiar with the objectives behind the formation of VOs and COs, and therefore participate actively in every exercise carried on through UCBPRP Programme. In all the Cos and VOs officeholders were selected in consultation with the community members in a democratic way which is also a sign of self-governing learning and ownership of UCBPRP by the community. Another encouraging sign of the democratic process is the Participation of the members in UCBPRP activities in the identification of the Programme activities for their VOs and COs.

This description execution is a monthly progress report of the month of April-2018 undertakings of UCBPRP Programme in 6 Districts with the financial Assistance of GoS Government of Sindh (GoS). During this Month, the Social Mobilization progress from inception until 31<sup>st</sup> March 2018, a total of **39,000** households organized and fostered into Community organization a total of **2,344** in a month with a cumulative of **8,286** from the inception of Programme and after the maturity of Community organizations (COs) these were further federated into village organizations’ (VO), a total of **222** VOS formed in month and cumulative figure is **628**. Furthermore, the managerial, capacity building and getting many boosted training of these community women they are further federated into last tiers of Social Mobilization that is Local Support Organization in which this month a total of 2 LSOs

were formed and cumulatively 7. After maturity of the Community/Village Organizations, that have

developed their managerial and governance systems as they undertake more and more development activities. Their institutional maturity and their ability to influence government and other stakeholders have been built over time. The clustering of Village Organizations (VOs) leads to the formation of Local Support Organizations (LSOs) which represent the second generation social mobilization”.

Besides the social mobilization, many other activities were carried out in projected areas: CMST (Community Management Skills Training Programme), VO management and Planning Training, CIF Appraisals’ and monitoring training, and many other managerial pieces of training for community organizations’ (CO/VO/LSO) office bearers were held to train and uplift these Cis. Managerial Activist Conference (MAC) of community leaders and activists that are willing to uplift the community from poverty and have a

spirit to work under the

community institution platform (CO/VO/LSO) with the technical assistance of SRSO. In a month, the VO leaders Training Vo management and Planning training (VMST) was also arranged at District Offices along with three days training on CIF appraisals and monitoring training. In Khairpur CRPs were identified, interviewed and their three days CRP Capacity building training was also conducted with the assistance of IMSD.

Vocational Training Programme which is job oriented was started in all districts: Khairpur, Sanghar, Badin, Umer Kot, Mirpurkhas and Thatta for the youth of the rural community to empower the society with their skills that they possess just need to polish their skills and have a systematic training process by trained trainers' with their profession which can be a source of income generation at household level.

A large cadre of rural men and women will be trained through a wide array of vocational trades and skills: a total of **392** rural women have been certified and trained in different trades at Khairpur, Sanghar, Badin, Umer kot, MirpurKhas, and Thatta, currently there is a huge batch has been enrolled in different trades in District by establishing Vocational Training Centers at community level through IMSD ( Institute of Management and Skills Development-a subsidiary of SRSO for Improving the skills of community members, especially the poor, through vocational training skills will help contribute towards labor force participation, but the most important factor is connecting the training skills with the needs of the market. Employable skills training have been started with certified technological institutes of NLC ( National Logistic Cell) for heavy machinery and they will be absorbed by NLC in CPEC which will be 100% job oriented training currently two batches, Khairpur and Sanghar of male youth is getting training of residential training in NLC which is getting heavy machinery training. In addition to this, only trainees are women and the majority of them are trained in traditional skills like handicraft and dress making (90%), and Stitching (10%). The training portfolio for the women needs to be diversified. After this training, the trainees will be able to do the job by using their skills acquired through training, mostly will capable of starting self-employment initiatives and the rest of them have achieved employment in the market.

During This Month the **CIF (Community Investment Funds)** cheques were distributed among the rural and poor community in all districts Khairpur, Sanghar, Mirpurkhas, Thatta, Umer Kot and Badin against

their Micro Investment Plan (MIP) as per their need and investment plan. Managerial Activist Conferences' were held in Khairpur, Sanghar, Mirpurkhas, Badin, Umer Kot and Thatta. The main purpose of the MAC was to create linkages of Community Institution women and leaders with GoS, Sindh government line departments' officials, Non-Government Officials and other stakeholders to raise their voice and get linked with them. Community investment Fund cheques were also distributed among **2,208**

beneficiaries in 6 districts: Khairpur, Sanghar, Mirpurkhas, Umer Kot, Thatta, and Badin. Income generation grant cheques were also distributed among **277** beneficiaries.

Community Institution's record keeping is the first and basic need, therefore the literate female is the main assets of these community organizations. therefore the Fostered Community has also maintained the updated record and doing the practice of saving which is a positive sign of project during their initial phase because the organized community is self-aware regarding recording the documentation and Record keeping has significantly a good sign followed by the community in UCBPRP Programme in last two months. All fostered COs and VO had their required registers and books available at the time of the formation, and all CO and VO records were fully maintained updated until the end of the month. This exercise of record keeping by the community and Social Mobilization teams is attributed to the continued process of follow-up and guidance with dedication and commitment by projected teams of SRSO. This shows continuity in SRSO's efforts to inculcate transparency and accountability within the COs.

In district launching ceremonies different political, administrative and social pillar people and community participated in the event. The CEO SRSO Officials briefly highlighted the SRSO Introduction, the success storied documentaries of community and Provincial launching ceremony video. The CEO-SRSO welcomed all the esteemed and distinguished guests during launching Programmes along with TL-EUCBPRP and from GoS-PDD Mr. Pervaiz Chandio, also participated in Umerkot and Khairpur Launching ceremonies along with GoS-Chairman District Councils, Local MPAs, and different organization officials also take part in this event.

this meeting was a detailed review of all districts achievements' against the set targets. In last the Next PPM venue was decided and encouragement of Staff with the ending note was ended that the Achievements' can be achieved through dedication, commitment and become an aspirant to work

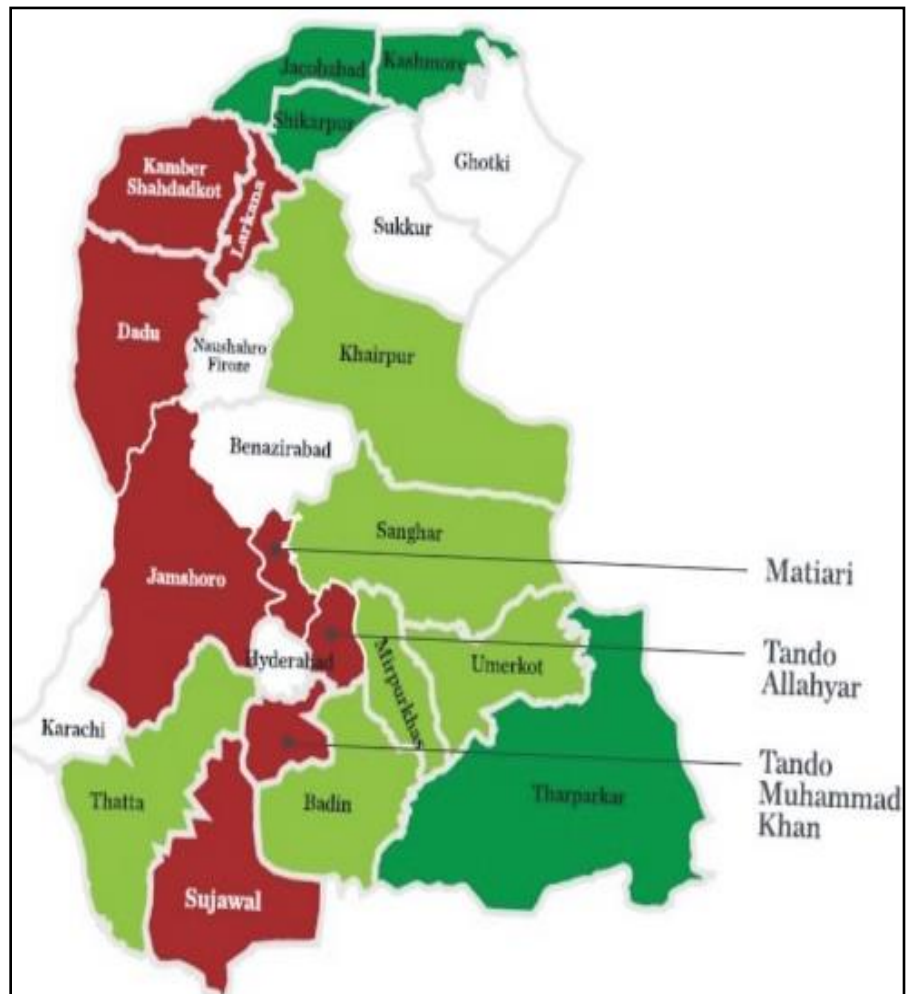

in the community and you are working for a noble cause to alleviate the poverty from destitute households.

## E-UCBPRP (Expansion Union Council Based Poverty Reduction Programme)

The Community always keen to do their own development but need to unleash their potential and this Union Council Based Poverty reduction program is one of the main pillars for the community driven development from their need analysis and women empowerment is only possible with household approach by strengthening the community and households at initial unit of administration which is Union council level, so Government of Sindh has further extended the Union Council Based Poverty Reduction Programme (UCBPRP) which is a 1st Union Council (UC) based Poverty Reduction model of Pakistan and that was a big community development initiative to poverty reduction at the rural and unprivileged community of rural Sindh by Government of Sindh. This was an initiative of Sindh Rural Support Organization (SRSO) and the Government of Sindh for the

alleviation of poverty through participatory approach at the household level. The Programme has successfully completed the 1st phase with golden words of success stories and poverty graduation among the rural community in projected areas which are a real witness to the success of the programme. Later the European Union also replicated the same model and extended this Programme into 8 districts of Sindh with a Programme titled as SUCCESS. This Programme has been designed to alleviate the poverty of targeted communities of the poorest in rural Sindh. In the year 2016-17 GoS has included the UCBPRP for further 6 districts in Annual Development plan which was started in June-2017 in districts': Khairpur, Sanghar, Umer Kot, Mirpurkhas, Badin and Thatta with a financial assistance of 4.9 Billion by Government of Sindh.

The primary objective of UCBPRP is improving the quality of life of the rural communities, especially that of the poorest of the poor by an identification tool of Poverty Scorecard (PSC) Survey which was an android based with a Software that collects the data and GPS coordinates for tracking purposes by writing all the details in the survey to provide technical assistance through this Programme to alleviate the

poverty. Later, the heart of all activities through the main conceptual package of Social Mobilization starts in these communities that have been identified for future Programme interventions. The process of Social Mobilization this involves organizing rural communities into “organizations’ of the poor” at the community, village and union council level. This structured approach entails organizing rural communities into 'organizations’ of the people' at the Mohallah (neighborhood) level into Community Organizations’ (Cos) and then into a federation of these COs to Village Organizations’ (VOs) at the village level. These VOs are then federated at the union council level into Local Support organizations’ (LSOs). These organizations are formed and owned by local communities, and undertake a wide array of development activities such as village-level community Investment Fund (CIF), income-generating Grant (IGG) initiatives, VTPs and social sector Programmes, with the technical support of the GoS. UCBPRP in Sindh has some unique features.

First, the Programme is focused on women and the poor and poorest households, identified through a Poverty Score Card (PSC) survey. Second, the Programme is the first ever major project of the GoS that is being implemented through community participation. Third, the Programme is highly intensive in its development packages and coverage and is concentrated at the union council level. Last but not least, the Programme very quickly covered the Programme union councils by organizing communities: most of its targeted activities have been implemented within only 6 months i.e. PSC survey has completed successfully which was a huge task. UCBPRP aimed to remove common hurdles faced by the poor that weaken their social capital: it seeks to create economic/productive assets through a self-help methodology by providing access to community managed microloans, income-generating grants, and creating employment opportunities by training youth in technical skills and engaging the trained Pax into different industries for jobs perspective.

The Union Council Based Poverty Reduction Programme (UCBPRP) is based on the three tiers social mobilization approach to alleviate the poverty through uplifting their living standard by realizing and unleashing the real potential of the rural community by empowering the women who are the real driving force of generating new economic resources for the household. SRSO being an implementing organization of this Programme from the starting of the UCBPRP from 2009 which has driven their real hallmark and depicts the real success of Programme by **50%** graduation of intervened community through different interventions of UCBPRP Programme mainly through CIF.SRSO has firm belief that each rural poor household has their own innate potential to improve its condition, however, the household faces constraints that do not allow it to realize the potential. If these rural people especially rural women are organized in order to enable them to have a collective thinking and actions for the development of society and act upon their consensus decision to alleviate the poverty that is existing among their households’ collectively think and act upon their development. Therefore UCBPRP is based on Social Mobilization approach which is consists of the organizing of communities in rural into three tiers community

institutions'. At the first tier, these communities are organized into Community Organizations (COs) which are organizations' at the neighborhood or Mohallah level.

These COs consist of membership from **15 to 25** households on average. COs ordinarily carry out activities such as household level development planning, training, savings, and credit. At the second tier, the COs federate at the village level into a Village Organization (VO). Membership of the VO normally consists of two nominated members from each CO in the village he activities of the VO are to work on development activities which run across the village such as community infrastructure, partnerships with local government and other agencies, and on issues which affect the entire village. At the third tier, VOs federate at the Union Council level to form a Local Support Organization (LSO).

This EUCBPRP is Designed especially for those new Households to the poorest community for their development as other districts women have changed themselves, this Project also serves as a step to change their lives by uplifting their living standard through small initiatives and resource for those who don't engage in their rural women for as a financing source for their household regularly or those who would like to consider new source for income generation or new tools for overcoming upcoming inflation waves for survival. GoS and SRSO hope that community value this material and can apply its content to community development work so you, too, can come up with the money for your next initiative.

This apex organization consists of membership from the VOs in the entire union council and is responsible for coordinating with its membership base to construct a development agenda for its members. It is also responsible for networking and developing linkages with external organizations' such as local government, donors, NGOs and the private sector for the purpose of achieving its development agenda. The potential can be harnessed if the poor households are mobilized to foster their own network of organizations' at Mohallah (Community Organizations – COs), village (Village Organizations – VOs) and union council levels (Local Support Organizations – LSOs).

Once the women from poor households are organized, they prepare Micro Investment Plans (MIPs) wherein they highlight the potential income generating activities that they can undertake on their own, the constraints they face and how these constraints can be removed. SRSO provide Community Investment Fund (CIF) to these organizations' so that they can provide small loans to CO members for the implementation of MIPs for income generation. While COs focus on income generating activities, VOs focus more on broader issues that affect the whole village, e.g. education, health, infrastructure, etc.

## District Launching Ceremony of UCBPRP Programme

The Project launching ceremonies of Community based development project endorsed by Government of Sindh for the rural community was on priority after following the Provincial Inaugural ceremony of the expansion of UC-based Poverty Reduction Programme (UCBPRP), there were two events of district launching ceremony held in Umer kot and Khairpur, in which the rural community from marginalized villages and society three pillars: Political and administrative pillars officials attended the event for appreciating the real efforts of marginalized women who are striving hard with own resources for uplifting their living standard and alleviation of poverty from households..

In Khairpur the Project was launched by ADC-Mr. Riaz Wassan, Chairman District Council, and in **Umer Kot MPA Pakistan People's Party, announced the expansion** of the Government of Sindh's Union Council Based Poverty Reduction Programme (UCBPRP) in concern districts and expected results as per assigned by PC-1 by P&DD of Sindh. The Programme will work with the poorest rural women of Khairpur, Sanghar, Mirpur Khas, Thatta, Badin and Umer Kot. The UCBPRP will be implemented by Sindh Rural Support Organization (SRSO) with the total budget of Rs 4.9 billion, the Programme will benefit 716523 households mainly in these districts with 68 Union Councils in Badin and 55 in Mirpurkhas rural Union Councils. The UCBPRP's components include the formation of 39808 women's organizations', provision of Community Investment Fund (CIF) to each women organization, vocational training to 32244 persons, 8599 units under low-cost housing scheme and income generating grants to 30708 poorest women.

Working across Sindh's villages through women's village organizations', the UCBPRP is the largest government-funded poverty reduction Programme in any province. Previously, the UCBPRP has successfully empowered the rural women to break the shackles of poverty in four districts of Shikarpur, Kashmore, Jacobabad, and Tharparkar. The new phase of UCBPRP is aimed at targeting the poor through the process of social mobilization, harnessing their potential and enabling them to build productive assets, reduce vulnerabilities and improve, by and large, the condition of their village or locality.

The Programmes in districts were formally started with the recitation of Holy Quran and Programme intro

was given by TL-EUCBPRP about EUCBPRP Programme in both districts but in Thatta the CEO-SRSO also briefly shared the working philosophy of SRSO and there tiers social mobilization and working with rural women to harness their potential to alleviate the poverty of households. Also say warmly welcome to all guests and thanks note with an introductory speech about SRSO, RSP journey and especially how the Union Council Based Poverty reduction has achieved milestone at community level due to which today we have got EUCBPRP first 100% anti-poverty rural women Programme which is proved a key of success for these 6 lacs families that has graduated successfully with the interventions of UCBPRP Programme. CEO SRSO also narrated and cited a report source of CIF Impact Assessment Study by SUKKUR-IBA University, as per report "According to poverty scorecard these Programmes would help 100%

households below the poverty line to graduate above their existing band and 40% beyond poverty line. According to the recent evaluation carried out by Sukkur IBA-ORIC department by taking a random sample from 50,000 beneficiaries of UCBPRP in Shikarpur, Kashmore and Jacobabad district 90% of the beneficiaries in bottom band of PSC graduated to higher bands and 68% above the poverty line. In Umer Kot and Khairpur, In the ceremony, Government officials, Political leaders, and social representatives officials, Political leaders, and social representatives participated in the inauguration of EUCBPRP i.e. honorable Chief Guest Mr. Nadeem Ur Rehman Memon Deputy Commissioner Umer Kot, Mr. Haji Saifullah Khalid Soomro Chairman Municipal Committee, Mr. Soofi Nawaz Ali (General Secretary PPP District Umer Kot), Mr. Sono Khangrani CEO TRDP Microfinance, Mr.Parvez Chandio Director UCBPRP-PMU, Deputy Director of Social welfare department, Mr. Mohammad Dittal. Kalhoro SRSO-CEO, Dr.Ghulam Rasool Samejo Team Leader-EUCBPRP, Mr. Bansi Malhi, Mr. Shafique Rehman Agro District Managers UCBPRP, Ms.Ruqiya Naz Training Coordinator- SRSO Manager & PIU Staff of UCBPRP Program, representatives of Local Support Organizations (LSOs) from District Kashmore at Kandh Kot and Shikarpur, other NGOs representative, Media team, and organized COs of District Umer Kot and Khairpur. In addition to this, the ADC- Mr. Riaz Wassan was the main chief guest of Event at Khairpur in which above-subjected pillars participated in the event.LSOs representatives from Shikarpur and Kashmore expressed their experience and struggles through which they got success and full of ups and downs journey to get this triumph at the community level in male dominant society where expressing their views is also risky, so get empowered women in this society was a remarkable achievement.SRSO officials shared background history of UCBPRP program and implementation with great outcomes and way forward of EUCBPRP implementation along with objects.

In Khairpur, ADC-Mr. Riaz Wassan said on the occasion, this Programme is the vision of the real development of human resources at the community level through proper awareness which can uplift their living standard through availing proper message and utilization of UCBPRP interventions and especially empowering the future generation especially girls education is the important pillar for development of society and Government is also keen to empower rural women and respect them in the

society. As per Programme, they highlighted the role of women in the society which is compromised and also remain a victim now should be addressed and empowered this Programme with their community institutions and will write their success stories and women empowerment throughout their life. In Umer kot and Khairpur, the Ceremony event was the formally started with recitation of Holy Quran by participants. Later, the stage co-hostess started the event by starting a verse of poetry that the belief has all ways and everything is possible so this project has same belief that women will be empowered and development of society is only possible with development of rural areas ana d empowering the rural women so this event is a recognition to those women by Government of Sindh that has brought this project in your district after getting successful model of union council based social mobilisation model. Later she warmly welcomed all the he participants from Government, Political and Social representatives by contributing their precious time in the inauguration of the Expansion of Union Council Based Poverty Reduction Project (EUCBPRP), which is purely designed to empower rural women, sources of income generation to address the goal of poverty reduction, funded by Government of Sindh.

Next session was the sharing briefing about the SRSO and UCBPRP Programme, so the CEO-SRSO Mr. Muhammad Dittal Kalhoro was called at the stage for a briefing about SRSO in Umer Kot and in

Khairpur TL-EUCBPRP, SRSO Programme, SRSO Outreach, SRSO three Tiers Social Mobilisation approach, SRSO Coverage, SRSO main donors, SRSO Success, SRSO Achievements at community level and SRSO Journey being an RSP and working experience with community for harnessing their potential to uplift their living standard through poverty alleviation.

CEO warmly welcome and said I am thankful of honorable Chief

Guest Mr.Nadeem ur Rehman (DC-Umerkot), Chairman Municipal Committee, CEO-TRDP Microfinance, PPP Office Bearers, Mr.Parvez Chandio Director UCBPRP-PMU, Social welfare department officials, media, and stakeholder to participate in this event of the inauguration of EUCBPRP funded by Government of Sindh at District Umer Kot. First, he briefly told the journey of SRSO, how SRSO was formed and purpose of SRSO by Government of Sindh. The only purpose of formation of SRSO was to alleviate the poverty in rural areas with participatory approach by addressing the poverty at household level with three tiers social mobilisation with different community-driven development by different interventions: Microfinance, Addressing Poor and aged People, Vocational Trainings, Entrepreneurship training, CIF, MHI, IGG, Children rights, women rights and many others. The GoS was first that initiated the first union council based model to alleviate the poverty. This was initiated in the year of 2009 in upper Sindh's Districts i.e. District Kashmore at Kandh Kot, Shikarpur, and Jacobabad which was the first phase of this program. SRSO does believe that community possesses great skills and potential that need guidance and way forward. This is a program of the community which they have successfully implemented and has brought enormous changes in their respective rural areas of upper Sindh. Behavior change is really time-consuming and if explicit dialogue successfully delivered to the community and they all united on one platform then it will perform and play their vital role. There is no deficiency of talent, potential or skills, but the pinpoint that stuck is the improper utilization of sources and planning. Dr.Akhtar Hameed Khan and Mr.Sohaib Sultan successfully found out this point and delivered way forward for addressing through RSPs to support rural women by proper utilization of their resources. They have established a mechanism that really works. Inevitably, it is true that there is a vital role of women in the development of a society which needs to be active for betterment and bright future. This program has successfully brought changes in community life and the key to success is women and their unity. It is proud to say the women organization at village and union council level really proved themselves in short time; everything is possible with ambition and determination. There is dire need of such program in rural areas as proper education could be focused, the source of income could be generated and unemployment could be addressed by enhancing community skills to start a business and become independent. The basic education starts with parents especially a mother who takes care all time restlessly. We must take a look definitely there are only women behind every success so it is dire need to understand that women play an essential role in society, therefore, education, especially for girls, is indispensable. There is saying that if boy studied then only your home is educated but if girl studied then your village is educated. It is the fortune of EUCBPRP that it is launching on the celebration of International Women's Day which rejuvenated the struggles of women in society and still doing struggles continuously. The presence of women organization crowded in this event reveals that women could do anything. There are really huge changes at upper District Kashmore at Kandh Kot, Shikarpur and Jacobabad that today rural women are keenly working on education, received a small loan to start a business and managed business development group as well as transferring skills to others as they could be benefited. Today village organizations have been strengthened at union council level as a form of Local support organization (LSO). It is the achievement of women organization because now they have been empowered to come forward

and ask for rights. The goal of SRSO is to empower rural women then poverty will be reduced because women can manage well. I am appreciating efforts of women organization with their adorable efforts and expecting District Umerkot will be a step forward than upper Sindh”.

He started sharing the GoS has achieved a milestone in gathering and working on backward rural women of the society who are always under privileged due to many reasons but this Programme will work for them which is totally for rural women and they will get benefit from it. He said UCBPRP is Sind government's long lasting and sustainable program. Today I am totally impressed from female participation and ownership of the program. Appreciable efforts by SRSO& GoS for poor to the poorest community. I am not only giving my official support but out of the box, I am 24 Hours available for SRSO Volunteer work which will be the noble cause of Pray.

Furthermore, following this the next speaker was called on stage for sharing his valuable comments was

Mr. Soofi Nawaz Ali General Secretary PPP Umer Kot. I am thankful of SRSO, media and Stakeholders. Moreover, congratulating Sindh Rural Support Organization (SRSO) for Launching of EUCBPRP Programme which is for real and rural people which is a vision of PPP that we will serve the community and this was a real vision of our Quaid Shaheed Benazir Bhutto. These are efforts of PPP leadership that has brought this revolutionary Programme for Umer Kot People, who did such great efforts for poor community. This program is working at a household level that knows how to organize the community and what mechanism could be used to make them in unity. Sindh Rural Support Organization (SRSO) successfully followed the directions, experience and did struggle to get results. Hence, District

Kashmore, Shikarpur and Jacobabad followed SRSO directions to address poverty alleviation theme, similarly, District Umer Kot must do struggle to get up from poverty line and the target of poverty alleviation. They are sensitizing the community to be organized and become united to work together by approaching individually at the household level to support in planning as you people could be able to start a business. They support to rejuvenate the source of your income and sustainable you as in future you people could not be dependable. Once again, I am thankful for SRSO and all of you”.

The Next Speaker was CEO-TRDP Microfinance, Mr. Sono Kanghrani said that,” I am thankful of honorable Guest, stakeholders, media and community and SRSO. It was an honor for me that I was part of this organization. CEO SRSO and Dr.Ghulam Rasool Samejo have well defined the background history and struggle of this Programme which was initiated in the year of 2009 during my presence and I was part of UCBPRP team. Behind everything, there is a huge struggle to reform something for betterment. The three tiers of mobilization that is the main component to sensitize community and raise awareness. People have great experience, skills, and capacity. They need guidelines to bring things in a systematic way. The unity of these small organizations could approach individually each house and address problems at grass root level. They know the solution which can be sustainable and they need the opportunity that SRSO is providing them with the

collaboration of Sindh Government. LSOs representatives from Shikarpur and Kashmore shared their experience and struggles that how many hurdles occurred to stop them but when sensitization takes place, no one can stop to do things for betterment. We are expecting District Umer kot could do hard work and their small organizations of COs, VO and LSOs could support their community and will work with SRSO in poverty alleviation.”

In last the Chief Guest of Program was called on stage, Mr. Nadeem ur Rehman Memon, he said that I am feeling immense pleasure to participated in this event. This is a big evidence that organizations and Sindh government is working for rural women especially by keeping the vision of their leaders for empowering the real leaders and women of rural areas for humanity and SRSO is continuously doing since came in existence which is transparent in front of we people. Being a part of the administrative pillar, we do not have such circles as a social sector has established. They did hard work which has to experience them to approach each household at individually. They have gone through difference experience and learned from their practice to designed more effectiveness Programme for the betterment of the community. There is dire need of such Programme in each district of Sindh to support most marginalized people. They are sensitizing community and bring them under one umbrella and they could easy solve the problem and established a strategy for doing something better

for their respective area. The government could not approach as social sector successfully did and brought great results. I am congratulating SRSO, Sindh Government and District Umer Kot for the launching of such great programme which purely addressed the goal and object of poverty reduction. This is the dream of PPP martyred Leader Shaheed Benazir Bhutto to empower the rural women of Sindh economically and financially through these type of Projects. Leader, Benazir Bhutto always contributed her role in public welfare activities and women empowerment throughout her life, and remained the first woman prime minister of the Muslim World, she did best for the self-respect of women folk in Pakistani society. The incident that snatched leader from me and the people of Pakistan as well as lost a great politician. She initiated many programmes for a rural community like Income Support Programme (BISP) and vocational skills development centers. PPP will keep going to support Sindh Rural Support Organization (SRSO) for empowering women of the low-income group without any discrimination. Such programmes need to be launched in all Districts of Sindh province.

At the end of the speech, he appreciated the efforts of the district team SRSO for organizing such a

## Social Mobilization-

### Programme Introduction (PI) of EUCBPRP

The Social Mobilisation 1<sup>st</sup> step starts from initial contact at the village after the PSC survey results, later the SMT went there and collect all households and in a gathering, they conduct a Program Introduction session about the program in every projected area to tell them about the program in detail. The Programme Introduction sessions are conducted by teams, they initiate the session by doing brain storming of rural women with participation approach that what is poverty and where is it lying? And what are the main causes of poverty and how can it be alleviated from rural areas. He vividly define them that what SRSO has brought for you, he told them SRSO has brought a Programme with the financial assistance of Government of Sindh, so we will not do any work that is government or government institutions' and departments' are doing we are only here for you just a bridge for GoS intervention to household level because Government could not reach out at every household level.

They added, Pakistan is also suffering from high poverty rate but poverty is existing worldwide, we cannot say that any province of Country has no poverty but in Pakistan Actual poverty is existing at Rural areas and especially at the household level; only a mother knows when her children are hungry, out of school, ill, and without shoes. So, if poverty is at the household level then actions have to be taken at the household level. However, despite doing a great deal of work, all these hundreds of government departments do not, and cannot, reach out to the household level where actual poverty exists and is being experienced 24 hours a day. Therefore, Government of Sindh has brought a revolutionary Programme for you people but there are three conditions that are compulsory to alleviate the poverty because it is the real witness of your success. Whereas, which are 1: foster themselves into three social mobilization, 2nd choose honest and dedicated community institutions leaders that can give you time and run the institute with willingness and commitment and 3rd is the exercise of saving at household and CO level because these things have set a remarkable milestone in alleviation of poverty in northern areas of Pakistan and In Sindh also. Furthermore, he said that after the success of the first UCBPRP in two districts namely Shikarpur & Kashmore@Kandhkot, where thousands of the people were mobilized and graduated at poverty level with same this Programme. The realization and success of Programme have brought this Programme for you people also. Keeping in view the eye witness of poverty alleviation at the Household level, GoS supported the setting up of SRSO to expand the Programme in more Six districts of Sindh, namely Khairpur, Sanghar, Mirpur Khan, Umer Kot, Badin, & Thatta.

Later, the Rural women show their willingness that there are ready to do for their future generation and for their families and they have skills to do more to alleviate the poverty but need your guidance and assistance. While asking examples that what they possess that can alleviate the poverty, they said that they have minimal resources at the household level: small ruminants or a share in cattle/buffalos, knitting/stitching skills, etc. These can be a small piece of land, some livestock, some skills, family members, or some small savings.

Women showing their keen interest that they have many skills which are underutilized due to not having resources and potential to do but slightly need to polish and improve the management of the resources

of the poor households through which their source of income generation can increase because the money is the main source of alleviation of poverty and if money came into house then it automatically turns the living standard of poor. They quoted several potentials i.e. Vocational Trainings for their daughters and sons, vocational training for themselves i.e. Tailoring, Stitching, hand embroidery, applique, and beautician.

The gathered community women and men agreed upon a single point of having some resources, and that their management can be improved. At last all community women speaks about their poverty and shown keen interest to work with SRSO and foster themselves into CO/VO/LSO.

### Community Organization (CO), VO & LSO Formation Activity

Social Mobilization is mainly to mobilize the community about a big idea that is going to hearten them for their development and uplift their living standard through a successful experience of organizing themselves into community-level institutions: CO/VO/LSO. SRSO in last UCBPRP Phase has been proven to experience that when community-owned

organizations' are financially and socially viable initiatives that can play a pivotal role in the process of social transformation. Because this will create a social awareness and thinking pattern change through which a cumulative thinking and realizing their potential will be ignited and work automatically being a self-reliant and own initiative for the development of society. As part of the UCBPRP Programme, Community

Organizations' (COs), Village Organizations' (VOs) and Local Support Organizations' (LSOs) will be formed

to create local level domination organizations owned and operated by the community, especially rural women.

Now the SMTs are going into village and after conducting the Programme introduction briefly tell them about the importance of CO/VO/LSO, whereas the community has also told that how these organizations will help you in future that these organizations' are expected to play an important role in identifying problems and offering solutions, with the help of the government and other development stakeholders at community level through this platform for community-driven development.

As SRSO is playing a vital role between GoS and Community so the Core activity of all interventions is the Social mobilization approach in UCBPRP to identify the poor in order to enable them to participate directly

in decisions that affect their lives and prospects. The concept is to build capacities of people to organize, manage their own organizations'. In this Programme of UCBPRP SRSO, social Mobilization teams provide technical and social guidance and financial assistance to the rural poor based on a standard three-tiered social

mobilization approach for the alleviation of poverty which is the basic mandate of this Programme. The social mobilization approach, it mainly depend on trust of poor women that this will be a social change agent by they possess the skills that can be utilized very well just need to polish their skills and have an innate potential to help themselves, that they can better manage their limited resources if they organize themselves into their own institutions (CO/VO/LSO). Once people are organized into properly functioning institutions of their own, they find the platform to harness their potentials, address their problems and fulfill their needs. When such institutions of the people are fostered at the neighborhood, village and union council levels, they become a vehicle through which all kinds of community development initiatives can be effectively implemented. These institutions serve as the primary partners in fulfilling the nation's development agenda by extending outreach to the household level across the country, for it is at the household level that poverty is experienced on a daily basis.

Above all importance is briefly discussed before the formation of CO at Community level and SRSO is conducting this activity with a niche approach of completing the UC wise and after maturity, these Cos are federated into VOs where the Cos managers and President join the VO at the village level. Furthermore, as Community Organizations' (COs) are the foundation of the three-tiered institutional network. The CO is a neighborhood level institution comprising of 10-25 member households. COs are federated into Village Organizations' (VOs) for planning and coordination at the village level.

### Capacity Building Training of CO/VO (CMST/VMST)

In UCBPRP the VMS/CMST is designed for presidents and managers of Community Organizations for the purpose of mobilizing and strengthening their capacities to identify their problems and decide priorities on their own. The event is organized when COS and VOs formally started conducting meetings monthly and at least two months they have conducted meetings and practiced saving exercise at the household level. This

training aims to enhance the knowledge, skill, and capabilities of the participants in planning and managing their developmental activities and to utilize the available local resources as well. It provides the participants an opportunity to build their capacities to break the vicious cycle of poverty by undertaking the poverty reduction and income generating activities on their own according to the community needs

## DISTRIBUTION OF COMMUNITY INVESTMENT FUND (CIF) and IGG

Under the UCBPRP Programme Funded by GoS, the first round of Community Investment Fund (CIF) was distributed in the fostered Village Organizations' (VOs) which have conducted the Vo management and

Planning training for 3 days, CIF appraisal and Monitoring, Book keeping and CO accounts auditing training to VO leaders to write down the main activities of CIF and IGG in their community institution registers for a proper record in all districts of project including: Sanghar, Mirpurkhas, Khairpur, Badin, Umerkot and Thatta during the visit of CEO-SRSO, Mr. Muhammad Dittal Kalhoro in Mirpurkhas, Sanghar, Badin and TL-EUCBPRP In Khairpur. CIF is one of the main components of the Government of Sindh Funded Union Council Based Poverty Reduction Programme and is targeted at the women from poor and poorest households. A capital grant is provided by the SRSO VOs or Local Support organizations' (LSOs), and is used by those community institutions (CIs) as a revolving fund. The poverty score of the household, obtained through the Poverty Score Card (PSC) survey, is used to identify the eligible households to ensure that only the poor and poorest households (with Poverty Score 0-18) access CIF capital and start income generating activities. During the visits, subjected officials also met with the leaders of CIs who gave a brief overview of the progress made by their respective CIs for local development. Community leaders said that the women feel empowered and important after forming their own organizations'. Talking about the priorities of the CO/VOs they said, "Capacity building of women and making them more aware of various social and health issues are the CIs priority area". While discussing the challenges at Sanghar, community leaders said that "the locals were not ready to mobilize initially, but persistent persuasion helped the communities realize the importance of coming together and saving money." Many women also shared their stories about the ways savings have helped them in their times of need. While talking to the organized women community members CEO SRSO said, "I am very happy to hear your stories and you have proved that you can solve your local development issues and help reduce poverty at a household level once you are organized."

## Managerial Activist Conference (MAC)

SRSO district Offices organized MAC (Managerial Activist Conferences') for the organized Households, Community Institutions office bearers and Community resource Persons, Volunteer, activist to highlight the village level issues and collectively find out the solution with the assistance of three pillars officials: Political, Administrative and social officials'. The conference will be a bridge to have a result-oriented interaction within political, government, & social

pillars to create the platform for these organized rural women and their community institutions (CO/VO/LSO), the conference will be a social change agent for social pillar to be aware all government and non-government stakeholders that will assist the community. Whereas, this type of conference provides the basic opportunity to collectively identify the social and administrative issues that creating hurdles to alleviate the poverty on the village level. Furthermore, this conference is a way to try to get attention and closer coordination with all stakeholders for community-driven development with the technical assistance of SRSO.

The workshops were attended by community members, District Government officials, Women Development, Assistant Deputy Commissioners', Social Welfare departments, Local Government members, and Different stakeholders' officials. The day was dedicated to highlight the importance of women mainstreaming in development and presenting first women empowering Programme as role model for active and equitable rural development to alleviate the poverty at household level with self-assistance and belief with new sources and ideas and willingness to work through the community institutions' platform with a cumulative development of society also. 200 women community activists and leaders from 50 villages participated in the workshops in three districts: Khairpur, Sanghar, and Thatta. Women leaders of COs and VOs made a presentation about the process of social mobilization and institutional development in their communities and also highlighted that many of them have begun to take small self-help initiatives for their own development. All the Administrative and Political pillars speakers told the community that with a collective approach you can reduce the poverty from your homes and SRSO is brought this Programme for you and said that this rural women gathering is the most encouraged by the women who have fostered themselves into community institutions' (CO/VO/LSO) and have made huge change within such a short time in their village. Furthermore, they also appreciated the women's keen interest in improving education and health. District and Local Government officials added that their administration will provide full

support to the rural women for their development. Through the CO/VO/LSO social mechanism, the government line departments have an opportunity to extend their outreach and that he will encourage the departments to work closely with SRSO and the women's of COs/VOs/LSOs. In Last, all rural women speakers highlighted various self-help and awareness interventions on promotion of health, hygiene and education which can brought a big change with the technical assistance of some government and non-government departments and they also emphasized the un organized women that there is a dire need for fostering and strengthening community institutions so that the social pillar is enabled to complement government's political and administrative pillars.
