Overview

This month report depicts the monthly progress of PPRP Districts project activities carried out with fundamental ingredient of social mobilization: CO/VO/LSO formation, their routine and follow up meetings with the practice of saving, community initiative through community institution platform with further Programme interventions to targeted households'. PPRP is the only Community-driven Women development Project seek to empower communities, reduce poverty, and improve economic and social conditions of the poor, typically in rural and remote areas.

Community Driven Development addresses two persistent gender gaps: (1) women's lack of voice in public and home decision making, and (2) their poor access to basic living facilities' and income generation sources' and developing their capacity to survive in the fittest ambiance.

PPRP implemented on "the principles of local women empowerment, participatory governance in community institutions', demand responsiveness, administrative autonomy, and enhanced local capacity."

There were also community institutions leaders' conference for interacting and brining three pillars: political, administrative and social pillars collaboratively at one platform of MAC managerial activist conference that community institution leaders can share their progress,

learning experiences and issue to be resolved at this platform. The targeted community is also getting many benefits through intervention of CIF Community investment Fund, IGG and LCHS. The basic pillar of development and foundation of eradication rural poverty among marginalized rural women to fold themselves into community institutions at the community level on Parra, village and union council. In order to accomplish this, SRSO conducted "Poverty Score Card" exercise in projected union councils in six districts to help identify the poor and the poorest.

Under the social mobilization, the women fostered into CO/VO and LSO has been at peak in the six districts areas. Rural women of these areas have shown their keen interest to uplift their living standard by formation of community/Village organization. Indeed, the next phase is of selection of honest and dedicated community institution leaders, conducting monthly meeting, doing exercise of saving and operate their organization for development of human and society to alienate the poverty at household level by generating new sources of income at HHs level.

SRSO under the PPRP, for managerial skills trainings of community leaders of community institutions, there are many trainings have scheduled at community level. There are scheduled different type of trainings for three

PEOPLES' POVERTY REDUCTION PROGRAMME-FUNDED BY GOVERNMENT OF SINDH

VO leaders initially because the CIF, IGG, VTP, LCH and ED interventions starts at VO level.

Therefore, the skills training starts from Community organizations (Cos) office bearers which is, CMST (Community Management Skills Training), in which three days managerial training for CO leaders at village level. In addition, they trained on necessity of VO management and Planning Training, CIF Appraisals', monitoring training, and many other managerial pieces of training for community organizations' (CO/VO/LSO) office bearers held to train and uplift these Cis.

In pertinent to this, Community institutions leaders also arranged the Managerial Activist Conference (MAC) of community leaders and activists that are willing to uplift the community from poverty and have a spirit to work under the community institution platform (CO/VO/LSO) with the technical assistance of SRSO. In a month, the VO leaders Training Vo management and planning training (VMST) arranged at District Offices along with three days training on CIF appraisals and monitoring training. In Khairpur CRPs were identified, interviewed and their three days CRP Capacity building training was also conducted with the assistance of IMSD.

assistance of SRSO engineers under this Programme. Engineers first prepare the feasibility report for the houses and then pass a resolution through CO/VO for beneficiary. Later,

A MoU signed between beneficiary and SRSO

about land and construction of Houses along with desired allied facilities for house. Later, SRSO Engineering department start their technical guidance and monitoring the construction phase by frequent visit and as per ToRs giving them the financial cheques into installments basis to beneficiary only as per physical status of house.

In all districts, the low-cost housing scheme has started and engineers are busy in construction of houses. The Cheques to beneficiaries given into installment after technical assessment and viewing their willingness to construct house at concern place/plot where they are ready to construct the house.

Monthly Progress Review Planning Meeting

As SRSO is always arranging a monthly progress review and next month planning meeting of all districts chaired by team Leader PPRP and Senior Management. In Pertinent to this, during the first week of November month, the six Districts consolidated Planning & Progress Review meeting held at District Office Badin. In which, all District Managers, M&E Professional and Assistant Finance Manager participated. The LSO Presnetation and shring for the PPRP intervention, community participation is applauded at household level, and they are working with you for community driven development for poverty reduction.

Social Mobilisation

• Programme Introduction

The Social Mobilization first step starts from initial contact at the village after the PSC survey results, later the SMT went there and collect all households in a gathering, they conduct a Program Introduction session about the program in every projected settlement to tell them about the program in detail. The Programme Introduction sessions conducted by field teams, they initiate the session by doing brain storming of rural women with participation approach that what is poverty and where it lying and what are the main causes of poverty and how it alleviated from rural areas can.

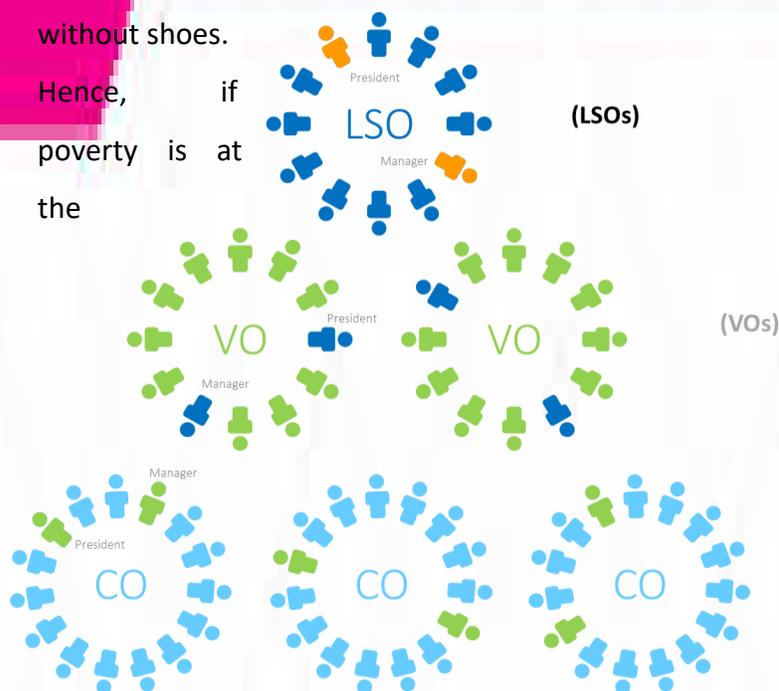

Everything vividly defined that what Government of Sindh under the Peoples' Poverty Reduction Programme has brought for you.

SRSO has brought a Programme with the financial assistance of Government of Sindh, so we will not do any work that is government or government institutions' and departments are doing we are only here for you just a bridge for GoS intervention to household level because Government could not reach out at every household level.

They added, Pakistan is also suffering from high poverty rate but poverty is existing worldwide, we cannot say that any province of Country has no poverty but in Pakistan Actual poverty is

existing at Rural areas and especially at the household level; only a mother knows when her children are hungry, out of school, ill, and without shoes.

Hence, if poverty is at the

household level then actions have to take at the household level. However, despite doing a great deal of work, all these hundreds of government departments do not, and cannot, reach out to the household level where actual poverty exists and is being experienced 24 hours a day.

Consequently, Government of Sindh has brought a revolutionary Programme for you people but there are three conditions compulsory to alleviate the poverty because it is the real witness of your success.

Indeed, which are 1: foster into three tiers social mobilization, 2nd choose honest and dedicated community institutions leaders that can give you time and run the institute with willingness and commitment.

PEOPLES' POVERTY REDUCTION PROGRAMME-FUNDED BY GOVERNMENT OF SINDH

Third is the exercise of saving at household and CO level because these things have set a remarkable milestone in alleviation of poverty in northern areas of Pakistan and In Sindh also.

Later, the rural women show their willingness that there are ready to do for their future generation and for their families and they have skills to do more to alleviate the poverty but need your guidance and assistance.

Whereas asking examples that what they possess that can alleviate the poverty, they said that they have minimal resources at the household level: small ruminants or a share in cattle/buffalos, knitting/stitching skills, etc.

These can be a small piece of land, some livestock, some skills, family members, or some small savings.

Women showing their keen interest that they have many skills, which underutilized due to not having resources and potential to do but slightly need to polish and improve.

These rural women and their management of the resources of the poor households through which their source of income generation can increase because the money is the main source of alleviation of poverty and if money came into house then it automatically turns the living standard of poor.

They quoted several potentials i.e. Vocational Trainings for their daughters and sons, vocational training for themselves i.e. Tailoring,

Stitching, hand embroidery, applique, and beautician.

The gathered community women and men agreed upon a single point of having some resources, and that their management can improved. At last, all community women speak about their poverty and shown keen interest to work with SRSO and foster themselves into CO/VO/LSO.

Community Institutions'

•CO/VO/LSO Formation

Social Mobilization is mainly to mobilize the community about a big idea that is going to hearten them for their development and uplift their living standard through a successful experience of organizing themselves into community-level institutions: CO/VO/LSO. SRSO in last PPRP Phase has proven to experience that when community-owned organizations are financially and socially viable initiatives that can play a pivotal role in the process of social transformation.

Because this will create, a social awareness and thinking pattern change through which a cumulative thinking and realizing their potential will ignited and work automatically being a self-reliant and own initiative for the development of society. As part of the PPRP Programme, Community Organizations' (COs), Village Organizations' (VOs) and Local Support

PEOPLES' POVERTY REDUCTION PROGRAMME-FUNDED BY GOVERNMENT OF SINDH

Organizations' (LSOs) will be formed to create local level domination organizations owned and operated by the community, especially rural women.

Now, the SMTs are going into village and conducting the Programme introduction briefly by telling them about the importance of CO/VO/LSO.

Whereas, the community has also told that how these organizations will help you in future that these organizations are expected to play an important role in identifying problems and offering solutions, with the help of the government and other development stakeholders at community level through this platform for community-driven development.

As SRSO is playing a vital role between GoS and Community so the Core activity of all interventions is the Social mobilization approach in PPRP to identify the poor in order to enable them to participate directly in decisions that affect their lives and prospects. The concept is to build capacities of people to organize, manage their own organizations'. In this Programme of PPRP SRSO, social Mobilization teams provide technical and social guidance and financial assistance to the rural poor based on a standard three-tiered social mobilization approach for the alleviation of poverty, which is the basic mandate of this Programme. The social mobilization approach, it mainly depends

on trust of poor women that this will be a social change agent by they possess the skills that can be utilized very well just need to polish their skills and have an innate potential to help themselves, that they can better manage their limited resources if they organize themselves into their own institutions (CO/VO/LSO). Once people organized into properly functioning institutions of their own, they find the platform to harness their potentials, address their problems and fulfill their needs. When such institutions of the people fostered at the neighborhood, village and union council levels, they become a vehicle through which all kinds of community development initiatives can effectively implemented.

These institutions serve as the primary partners in fulfilling the nation's development agenda by extending outreach to the household level across the country, for it is at the household level that poverty experienced on a daily basis.

Above all importance is briefly discussed before the formation of CO at Community level and SRSO is conducting this activity with a niche approach of completing the UC wise and after maturity, these Cos are federated into VOs where the Cos managers and President join the VO at the village level. Furthermore, as Community Organizations' (COs) are the foundation of the three-tiered institutional network. The CO is a neighborhood level institution comprising of 10-25 member

PEOPLES' POVERTY REDUCTION PROGRAMME-FUNDED BY GOVERNMENT OF SINDH

households. COs are federated into Village Organizations' (VOs) for planning and coordination at the village level.

PEOPLES' POVERTY REDUCTION PROGRAMME-FUNDED BY GOVERNMENT OF SINDH

Capacity Developing Training

- CO/VO/LSO Office Bearers

Under the Peoples' Poverty Reduction Programme, the developing capacity of community institutions office bearers and their representatives' is the main priority while implementing it. PPRP the VMST/CMST designed for presidents and managers of Community Organizations for the purpose of mobilizing and strengthening their capacities to identify their problems and decide priorities on their own. The event organized when COS, VOs formally started conducting meetings monthly, and at least two months they have conducted meetings and practiced saving exercise at the household level. This training aims to enhance the knowledge, skill, and capabilities of the participants in planning and managing their developmental activities and to utilize the available local resources as well.

It provides the participants an opportunity to build their capacities to break the vicious cycle of poverty by undertaking the poverty reduction and income generating activities on their own according to the community needs.

Vocational Training

- Employable Skills Training

Sindh is contributing a lot in youth employable skills and providing training cum job skillful trainings because youth population in Sindh estimated at 55.7 and out of this youth population, 1.7 million are unemployed as per secondary survey (GiZ survey).

A large group of youth is unemployed, as they do not have skills to compete in the job market due to different circumstances i.e. quality of education, low literacy rate, having not good school infrastructure for formal education. Therefore, Skills development is an important step to promote employment generation through employable skills training; as it will increase in number of skillful youths would increase per capita income, thus give boost to economy of province.

During this project, SRSO has groomed youth in many employment trades priority given to women and females for empowering their role in contribution for poverty alleviation through social mobilization community institutions (CO/VO/LSO) and shaped the youth as an economic asset for their households.

During monthly trainings at different districts, names for ensuring implementation of quality vocational standardized skill development training so that each man and woman would get

PEOPLES' POVERTY REDUCTION PROGRAMME-FUNDED BY GOVERNMENT OF SINDH

equal opportunity to get benefit from this intervention at community level.

This successful ending of trainings has brought lucrative results in human resource development at community level in wisdom and knowledge development for way forward career. For This Component we financially supported by Donor GoS-EPPRP, the detailed achievements of six districts mentioned.

Job Placement

- Certified Pax Vocational Training

SRSO believes in providing a path that leads a career of prosperity through vocational life skills training for male and female through linkages and job placement.

Job Placement in PPRP is the basic step by supporting graduates with career related challenges through their expertise as per labor market, so they can put a person's qualifications, experience, strengths and weakness in a broad perspective while also considering their salary, location job market possibilities. IMSD-SRSO are often capable of supporting VPT graduates finding suitable placement / jobs in working out conflict with their employers or finding the support of other helpful services.

In pertinent to Job placement, SRSO District Managers along with vocational training profile, has conducted different meeting with industries at local level and small workshops for placement of graduates. Indeed, many graduates are now

working at different industries and workshops or have opened their own business as an entrepreneur.

Distribution of Cheques

- CIF and IGG

Under the PPRP Programme Funded by GoS, the first round of Community Investment Fund (CIF) cheques distributed in the fostered Village Organizations' (VOs) to the poorest households. These VO Office bearers have participated the managerial skills development trainings for managing the CIF and IGG and more interventions. They attended VO management and Planning training, CIF appraisal and Monitoring, Book keeping and CO accounts auditing training.

The community office bearers are also maintaining the community record of community institution of registers for a proper record in all districts of project including Sanghar, Mirpurkhas, Khairpur, Badin, Umerkot and Thatta.

The community on basis of their available resources, they develop their own Micro investment plan (**MIP**) for investment purposes to generate income, CIF is interest free loan, and it is a seed money.

Therefore, CIF is one of the main components of the Government of Sindh Funded Union Council Based Poverty Reduction Programme and targeted at the women from poor and poorest households. A capital grant provided by the SRSO VOs or Local Support organizations' (LSOs), and

used by those community institutions (CIs) as a revolving fund.

Note: The CIF Disbursed Amount is both (New and Revolving). The poverty score of the household, obtained through the Poverty Score Card (PSC) survey, is used to identify the eligible households to ensure that only the poor and poorest households (with Poverty Score 0-18) access CIF capital and start income generating activities. During the visits, subjected officials also met with the leaders of CIs who gave a brief overview of the progress made by their respective CIs for local development.

Community leaders said that the women feel empowered and important after forming their own organizations'. Talking about the priorities of the CO/VOs, they said, "Capacity building of women and making them more aware of various social and health issues are the CIs priority area". While discussing the challenges at Sanghar, community leaders said, "the locals were not ready to mobilize initially, but persistent persuasion helped the communities realize the importance of coming together and saving money." Many women also shared their stories about the ways savings have helped them in them

Managerial Activist Conference (MAC)

SRSO district Offices organized MAC (Managerial Activist Conferences') for the organized Households, Community Institutions office bearers and Community resource Persons, Volunteer, activist to highlight the village level issues and collectively find out the solution with the assistance of three pillars officials: Political, Administrative and social officials. The conference will be a bridge to have a result-oriented interaction within political, government, & social pillars to create the platform for these organized rural women and their community institutions (CO/VO/LSO), the conference will be a social change agent for social pillar to be aware all government and non-government stakeholders that will assist the community.

Whereas, this type of conference provides the basic opportunity to collectively identify the social and administrative issues that creating hurdles to alleviate the poverty on the village level. Furthermore, this conference is a way to try to get attention and closer coordination with all stakeholders for community-driven development with the technical assistance of SRSO.

The workshops attended by community members, District Government officials, Women Development, Assistant Deputy Commissioners', Social Welfare departments, Local Government

members, and Different stakeholders' officials. The day dedicated to highlight the importance of women mainstreaming in development and presenting first women empowering Programme.

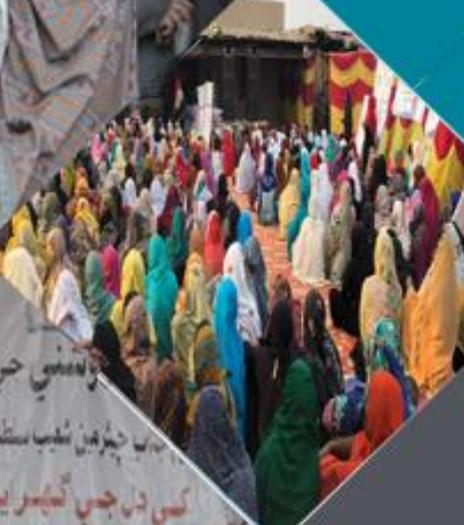

PPRP, as role model for active and equitable rural development to alleviate the poverty at household level with self-assistance and belief with new sources and ideas.

IT is a willingness to work through the community institutions' platform with a cumulative development also.

Furthermore, they also appreciated the women's keen interest in improving education and health. District and Local Government officials added that their administration would provide full support to the rural women for their development. Meanwhile, through the CO/VO/LSO social mechanism, the government line departments have an opportunity to extend their outreach and that he will encourage the departments to work closely with SRSO and the women of COs/VOs/LSOs.

to see that women are changing their households approach to participate in their

prosperity and came out of four walls and home chores and working for combating the poverty. She appreciated the efforts and success undertaken by the rural women who shared their stories and also thanks that through GoS Funded Project there is a change that have ignited your flame of change in the society and women empowerment through project interventions: CIF/IGG, VTP and Enterprise for encouraging women for their success. She urged the women to positively contribute towards collective growth and development and inshallah one day will come that you will shortly

start internal lending to support helpless poor women on behalf of LSO to contribute towards the end of poverty and zero hunger.

The Next Speaker was the Chairman SRSO Mr. Shoaib Sultan Khan, he started his speech by versing a verse of Poetry

“ Aañkh jo kuchh dekhtī hai lab pe aa saktā nahīñ
Mahv-e-hairat hun ki duniyā kyā se kyā ho jāegī.
“

During his speech Mr. Shoaib Sultan Khan, shared insights from his social mobilization working experience with rural communities and

PEOPLES' POVERTY REDUCTION PROGRAMME-FUNDED BY GOVERNMENT OF SINDH

helping them in combating poverty through collective efforts by folding them into community institutions (CO/VO/LSO). He also explained the processes, intended outcomes and objectives of the community driven development approach taken through community institutions platform with your consensus and technical support of Program and SRSO. For this development your consensus and self-firm belief is mandatory to change yourself and participate in the community initiatives' through social awareness. He urged the women to organize themselves by folding into community institutions', and starting saving money, identifying issues, discussing the issues and collectively coming up with results. He mainly emphasized on the women to organize themselves, harness and enhance their skills and abilities to be able to improve their lives and livings, to be able to combat the poverty line.

He quoted an example on technical assistance that as Train has required an engine to run to track, same is like for community institutions that they also need a technical assistance for households' and strong linkages with Government and Non-Government Line departments for community driven development.

He added, that the Community Book Keeper of LSO -Ms. Shumaila has given a detailed presentation and present in a nice way that an

official cannot also give in that way. Furthermore, he appreciated the LSO achievements' and their office bearers I.e. like CBK and Sheher bano. He said that remember one thing that if any CO/VO/LSO has such diamonds (Shumaila and Sheher Bano) they will sustain for long time and community development will took place at community level with bold character and leading from front.

He said that today after the speech of Sheher Bano, I am speechless and no words to appreciate the efforts and commitment with dedication of community development has proved that she is a real diamond of her LSO and community. Moreover, He said that as `your community institutions are running properly but they just need a support like Sindh Rural Support Organization to show you the road map to development and guide you, so same SRSO has need their financial assistance of Government of Sindh to implement the program of combating poverty.

PEOPLES' POVERTY REDUCTION PROGRAMME-FUNDED BY GOVERNMENT OF SINDH

He narrated that how he started his journey with Sindh Government, in 1989 I met with Shaheed Muhtarama Benazir Bhutto for three tiers social mobilization approach for poverty reduction program, in result she wrote a letter to Government of Sindh for doing work on this.

The Government of Sindh in year 2003 corresponded with me by sending a letter. I received a letter that was written that we are establishing an organization named as Sindh Rural Support Organization and became chairman of it. So, I requested to GoS that kindly allocate an endowment fund for proper running of an organization because the changes of Governments may not affect the organization and organization operations remained continued without any financial assistance.

In year 2008, the Government of Sindh approved a PC-1 for a Union council-based model program to implement as a pilot program in two districts of Sindh (Shikarpur and Kashmore@Kandh kot) for a program named Union Council Based Poverty Reduction Program (UCBPRP).

He urged the community that If Government of Sindh has not financially supported the SRSO for this program then they cannot run this huge program so do not call his name as change agent but remember the name of Government of Sindh. SRSO is running through peoples like the first CEO was Suleman Shaikh then Nazar Memon and many other even today as Dittal

Kalhor, all are administratively running the operations of SRSO.

He further added that today you have proved that you can achieve all the community development initiatives and you are my pride; you have folded yourselves into CIs and on routine basis conducting meetings and doing resource mobilization for covering the remaining households to become member of institutes. Now, only need is to build strong linkages with Government and Non-Government Institutes like LSO Roshni has built up with Livestock Department and Allied Bank of Pakistan. As Assistant Commissioner has participated in your program which is a good symbol and recognition of Program.

Now, I am Requesting to Ms. Iffat Malik PC of PPRP Program to narrate this all achievements to your higher authorities'.

ACTIVITY: 6 CHEQUE DISTRIBUTION CEREMONY

The next session was distribution of cheques among different interventions beneficiaries. So, First the CIF cheques were disbursed by SRSO Chairman Shoaib Sultan khan and later the ED and IGG cheques were distributed by Ms. Iffat Malik and Rashid Bajwa.

Following this program, the esteemed guests move to the next location for inauguration of LSO Office and visiting the Enterprise D Development-Small Scale Floor Machine Business.
